

Announcement

The National Innovation Agency (Public Organization)

Subject: The Policy for Non-Acceptance of Gifts or any Other Benefits  
from Duties (No Gift Policy) 2024

---

The National Innovation Agency (Public Organization) (NIA) realizes the importance of corruption issues and corruption eradication through collaboration across all sectors. Besides, by recognizing the importance of social responsibility and social equality, the organization aims to promote the values of worthiness and apply the concept of zero tolerance of corruption as a standard of operation and working practices.

For this reason, the Executive Director of the National Innovation Agency, announces the policy for non-acceptance of gifts or any other benefits from duties (No Gift Policy) and assures a solid commitment to perform the duties and administration of NIA under the practical guidelines as follows:

1. Officer and personnel of NIA must not dishonestly accept a gift or any other benefit from business partners or a person related to the organization.
2. Officer and personnel of NIA must not dishonestly give a gift or any other benefit to business partners or a person related to the organization.
3. Officer and personnel of NIA must not seek to obtain a gift or any other benefit that are illegal.
4. Officer and personnel of NIA are responsible for notifying and publicizing the policy on the non-acceptance of gifts and any other benefits from duties (No Gift Policy) to external parties.
5. Officer and personnel are willing to accept congratulations, goodwill, welcome, or expressions of condolences following traditional customs through any approach of greeting cards or books, condolence cards, electronic systems, or any other forms that do not incur any cost. In the case of the need to give or accept a gift or any other benefit by ethics or traditional custom, the person must comply with the laws and regulations set forth strictly.

This is announced to acknowledge and strictly comply by all.

Announced on **15** December 2023
