

BANGKOK INNOVATION CORRIDOR

BANGKOK
INNOVATION
CORRIDOR

Area-Based Innovation is a strategy to accelerate innovation in the city and encourage urban living development, reducing disparity and creating jobs for the future. To foster industrial development goals in the National Strategic Plan by uplifting the First S-Curve Industries, whilst fulfilling the future 6 targeted S-Curve Industries, including an encouragement of startups and ventures.

Innovation District is a concept of developing areas to attract innovators, tinkering individuals, entrepreneurs and enterprises through a wide-range of incentives and mechanisms, increasing innovation generation. The geographical area anchor institutions and companies cluster, and are connected with small firms, startups, business incubators and accelerators.

BANGKOK INNOVATION CORRIDOR (BIC)

a concept that connects 9 innovation districts together to unify “Innovative Bangkok”.

Each area have different focused sectors and characteristics that enables the attraction of different types of investment. Through private-public partnerships in strategic planning, BIC has grown into the main pillar that drives future economic development of this vibrant Southeast Asia Megacity.

GLOBAL MEDICAL AND RESEARCH HUB

Location: Rama VI Road, Rajdhevee, Bangkok

Concept: YMID is being developed in partnership with 3 ministries (Ministry of Science and Technology, Ministry of Education, and Ministry of Public Health) to establish a network of medical personnel, researchers, innovators, and investors. Yothi is the major medical and health focal point in Thailand, housing 13 hospitals, 12 medical institutes, and over 7,000 medical experts. Consequently, YMID will initiate and facilitate conversations between these individuals, allowing knowledge exchange to create a collaborative working environment for healthcare and medical innovation development.

LUMPINI

CENTRAL BUSINESS INNOVATION DISTRICT

THE CENTRAL DISTRICT OF TRADE AND CULTURE OF THE NEW GENERATION

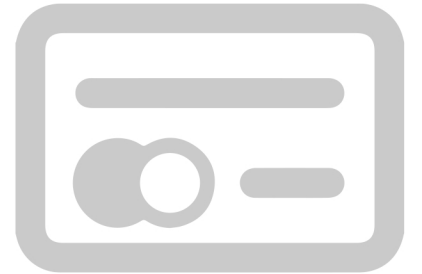

Location: Pathumwan, Bangkok

Concept: Lumpini Central Business District is an innovation development center that connects and enhances the district's two prominent strengths; commerce and education. It encourages the growth of both current and nascent small and medium enterprises and also supports creative producers and entrepreneurs in order to create jobs of the future. This is the long standing private-led district development partnering with Bangkok Metropolitan Administration (BMA). Ratchaprasong Square Trade Association (RSTA) and Central Bangkok are among mega-investment lead by private sector.

OBID

OLD BANGKOK INNOVATION DISTRICT

THE DISTRICT CREATED INNOVATIVE BUSINESS OUT OF THE CLASSICAL ARTS AND CREATIVE COMMUNITY IN THE OLD TOWN OF BANGKOK

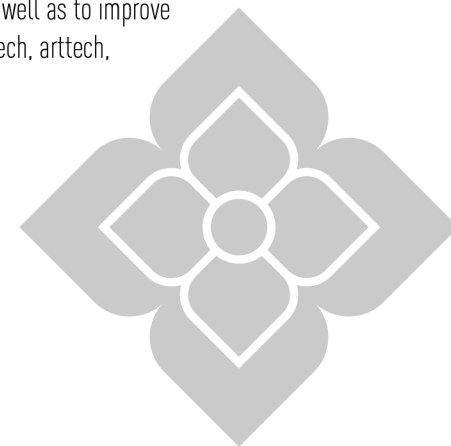

Location: Rattanakosin Island, Phra Nakhon, Bangkok

Concept: Surrounded by the Royal Palace, the old administrative quarter and national heritages, The Old Bangkok Innovation District (OBID) focuses on creating innovative businesses out of Thai traditional arts and creative community in the old town of Bangkok. OBID is full of creativity, art, culture, history, and tradition. The objective is to enhance the local artisan community with innovation to increase economic and social values, as well as to improve continuation of traditional arts. This is a district for traveltech, arttech, and urban green innovation.

KLONGSAN INNOVATION DISTRICT

COMMUNITY-BASED INNOVATION TO CREATE NEW PRODUCTS AND NEW BUSINESS FROM TRADITIONAL HERITAGES

Location: Klongsan, Bangkok

Concept: Khlong San is a community-based innovation district. It builds on the local communal collaborative culture. Traditional businesses of the districts have the potential to be greatly expanded with the aid of innovation. Business matching between local creators and potential innovators will lead to the new business models. Furthermore, optimization of spatial utility could help promote interaction between the local community and the innovation actors, creating a powerful force for community-based innovation.

Cybertech District

DIGITAL PROTOTYPE INNOVATION CENTER OF THAILAND

Location: Bangchak, Phra Kanong, Bangkok

Concept: Bangkok Cybertech District will be the digital and lifestyle hub of the modern age. The district has the most intact and compete startup ecosystem infrastructure in Southeast Asia. Therefore, this area will act as a magnet to attract talents in and out of the country to set up a business in Bangkok – the 1st Landing Pad in Bangkok. This will create opportunities for entrepreneurs and startups to access international knowledge, investment, and partners. Eventually, enabling startups to enter international markets, and increasing employment, income, and experience tech-lifestyle of “the Big Mango”.

KIID

KLUYNAMTHAI INNOVATIVE INDUSTRIES DISTRICT

INNOVATIVE DISTRICT FOCUSES ON DEVELOPING INNOVATIVE BUSINESSES IN COMMERCE, CREATIVITY AND MEDIA SECTORS FROM EXISTING COMPANIES FOLLOWING CLASSICAL BUSINESS MODELS.

Location: Khlong Toei, Phra Kanong, Bangkok

Concept: The Kluaynamthai Innovative Industries District serves as the center of innovation knowledge by breathing new life onto the urban manufacturing companies, mingling with maker space and Bangkok Dockland. It is a melting pot of old and new businesses ranging from digital commerce, e-Logistics, new media and creativity.
